

The Hutong

Hook N Cook

Hook Up In Teams, Cook Up A Storm

Enter the Hutong, and you'll experience our dynamic environment where your team can come together, unwind, and have a great time. The Hutong's signature Hook N Cook is our trademark culinary corporate event, and takes the meaning of team work to a whole new level. The members of your staff step out of the office comfort zone and into our welcoming Hutong Kitchen, where they roll up their sleeves, and transform into master chefs.

The Hutong

Hook N Cook

The Hook N Cook can be an informal culinary team building tournament - where the main objective is fun and a little healthy competition - or it can be extended to a full day training session run with the experts at LEAP, where teams participate in a 3-hour workshop that can examine multicultural team dynamics, communication styles, collaborative work strategies and more - this all in addition to the fun of The Hook N Cook.

Have a look at our packages below. We look forward to working with you to see which option best meets your objectives.
