

Chef Bio Lili Davis-Burchat

Canada

Lili is an enthusiastic cook. Canadian by birth, she lived in England and the USA growing up, and since 2004 has lived in Connecticut, USA; Helsinki, Finland and now Beijing. She has worked as an epidemiologist; owned and operated a parent-child play and music program; been the office manager for a high-end quilt studio; taught ESL; and while in Finland founded Mixie, a small catering business, before moving to Beijing. Her beloved 11-year-old English Springer Spaniel, Dreyfuss has travelled with her and her husband Michael from Canada to the USA to Helsinki and now to China.

Through her involvement with The Hutong she is excited to share her culinary passion with guests via her homemade jam and baking classes and Sunday brunches, all the while learning more about Chinese culture - particularly food - and to be meeting amazing people who are from, have lived in and travelled to the far reaches of the world.
