# Chef Bio Lingpei Soh

## *From Malaysia with Love*

When she isn't hiking, traveling, shopping, taking breathtaking photos of Beijing or spending valuable time with her busy husband, Lingpei feels most at home in the kitchen. Her affinity for all things culinary started at a young age and was influenced by her mother and grandmother. They both held the highest of culinary titles: head family cooks.

Lingpei has many years of experience in the hotel restaurant industry, first in her native Malaysia, followed by Macau and Beijing. Starting as an apprentice in Garde Manger, she has learned Chinese, Malaysian, Japanese, French and fusion cuisines.

Lingpei's passion and talent grows stronger everyday. She considers cooking a fun art and skill, and likes to experiment and mix and match until reaching the desired delicious result. One of Lingpei's principles is to use only the freshest ingredients and to cook good food for everyone with passion, patience and love.
